Exact places are mapped here:

https://drive.google.com/open?id=1BxCLnTwBPPa4pjoOo_sX9JIDUhv4cNAY&usp=sharing

All times are preliminary and may be changed. Please find the latest information at:

<http://www.oskfalco.lt/falco-cup-2019/>

Classes

Results will be calculated in such classes:

Open (O)

Para (P)

Junior (J) - born 2001 and later.

All courses are the same for all classes.

Result calculation and prizes

Total PreO courses results will be calculated as sum of 2 days PreO courses (short and long).

PreoO Sprint course results will be calculated as ordinary PreO course and with time spent at course instead of Time controls. There will be time limit calculated 1min for each control plus 1min for each 100m. Minus 1 point for each up till second late at finish.

Total Falco Cup result will be calculated: 60 seconds penalty for each wrong answer at PreO courses (short and long) and Preo Sprint course plus TempO time and plus PreO and PreO Sprint times.

First 3 competitors in Total PreO and TempO and PreO Sprint courses and all classes will be awarded with event medals.

First 3 competitors in all Total Falco Cup classes will be awarded with event cups and prizes.

The Lithuanian Trail orienteering championships will be held at the same time. Only members of Lithuanian orienteering and Lithuanian disabled persons sport federation will be ranked for Lithuanian championships results at TempO and PreO courses. First 3 competitors in Open and Paralympic classes in total PreO and TempO courses will be awarded by Lithuanian championships medals and diplomas.

Registration and start fee

Please send the information with Name, Surname, class and club (country) to:

oskfalco@gmail.com

Trasos kaina (EUR)	up till May 20	
	Adult	Junior
PreO 1	10	5
PreO 2	10	5
PreO Sprint	10	5
TempO	10	5
sum:	40	20
All courses:	30	15

Payment will be acceptable in cash at competition event center or by bank transfer (to be received up till 24th of May).

Start lists

Preliminary start list of first day will be published a week before competitions.

Adjusted final start list of each day will be published a day before competition day. Competitors that will be late at their start point or with late registration will have the opportunity to start after published start list ends at free order.

Please contact us directly for start list corrections (early or late start times).

Assistants

There will be no need of essential assistants at each course. Paths are of very good quality and the elevation will be minor. We expect to have some assistants at a bit difficult course places (steep downhill and narrow places). We will be grateful for your early information on assistant needs. Competitor's own assistants are permitted.

Terrain and maps

All courses at mature pine forest or park territories with good visibility. Most trails with firm surface.

All maps: ISSOM 2007, 1:4000, contour interval 2,5m, size A4, waterproof, mapped at April-May 2019 by Andrius Jovaiša. Laser scan contours (0.5m) are used in mapping process and will be visible at solution maps.

Only features with height more than 1 meter are mapped. In some cases clearly visible landforms with less than 1 meter can be mapped.

Black cross (ISSOM 540) in most cases represent information posts and boards.

Benches are mapped with special symbol: gray rectangle with real orientation. In some places (green on yellow) there are no dots representing distinct vegetation boundary (ISSOM 416) for better map reading.

Punching

Traditional punching with own punchers on cards. There will be available to take a puncher at organisers at start.

Courses

Course parameters and distances:

Pre0 short: 0,6km, 23 controls, time control with 3 tasks at the beginning, time limit: 87min.

Pre0 long: 1,5km, 26 controls, time control with 3 tasks at the end, time limit: 123min.

Pre0 sprint: 0,3km, 14 controls (only A/Z answers), time limit: 17min.

Temp0: 5 stations, with 5 tasks each.

In most cases decisions should be made by map reading.

Mapper and course setter: Andrius Jovaiša

Zero tolerance

Zero answer is possible if the flag is set at least 5 meters away from the correct position.

No Zero answers for a flags on a point feature using wrong angle.

The same Zero tolerance rules will be used at all courses.
