Classes

Results will be calculated in such classes:

Open (O); Physically challenged (PhCh); Junior (J) – *born 2007 and later*. All courses are the same for all these classes.

Easy (A) – more easy tasks for PreO1, PreOSprint and PreO2 courses. This class courses are not WRE. The class will be organized if at least 3 competitors will be registered before 23 March. Otherwise registered competitors will be added to Open class list.

Result calculation and prizes

Total **Falco Cup** result will be calculated by the sum of appointed points for the place in each competition.

Place	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26	27	28	29	30	31	32	33	34	35	36	37	38	39	40	next

First 3 competitors in **PreO1, PreO2, Tempo** and **PreO Sprint** courses and all classes will be awarded with event medals.

First 3 competitors in **O, PhCh,** and **J** classes will be awarded with **Total Falco Cup** event cups.

First 3 competitors in **A** class will be awarded with **Total Falco Cup** prizes.

Results will be available online at <https://top.yq.cz>

Registration and start fee

The registration to competitions is at Eventor:

<https://eventor.orienteering.sport/Events/Show/8965>

<https://eventor.orienteering.sport/Events/Show/8966>

<https://eventor.orienteering.sport/Events/Show/8967>

<https://eventor.orienteering.sport/Events/Show/8968>

Lithuanian competitors can make alternative registration at: <https://dbsportas.lt/lt/varz> but using Eventor is better for organizers.

All registrations made by these methods are valid and start lists will be created by including all registrations.

It will be great if you will give the information about your preferably early or late start times by e-mail with Names and Surnames to: oskfalco@gmail.com or andrius.jovaisa@gmail.com

Course price (EUR)	Registered up till March 28 23:59		
	Adult	Junior	Ukrainians
PreO 1 WRE	25	15	5
PreO Sprint WRE	25	15	5
TempO (WRE)	25	15	5
PreO 2 (WRE)	25	15	5
All courses:	100	60	20

Late registration will be available with 50% add up till start.

Payment will be acceptable in cash at competition event center or by bank transfer (to be received up till 31th of March).

Start lists

Preliminary start lists of all days will be published at 30 March.

Adjusted final start list of each day will be published a day before competition day. Competitors that will be late at their start point or with late registration will have the opportunity to start after published start list ends at free order.

If you need early or late start times – please inform the organizer.

BIB numbers

The competitions will be held without bibs. The numbers will be marked only on back side of maps so please show them to referees before you arrive on any TC/TempO stations for faster and smoother operation.

Assistants

Competitor's own assistants are permitted and welcomed.

All of paths at TempO (except station 2) and PreO Sprint will be asphalt.

At PreO1 and PreO2 forest tracks will be used. Mostly in good condition, but some places can be a bit sandy. There will be no helpers from organizers available. No extreme parts for wheelchair users are expected.

Terrain and maps

Mainly brand pine forest terrain with small sized landforms (dunes) and good visibility for all courses.

PreO courses terrains maps were used for local TrailO events 6 years ago. TempO and PreO Sprint terrains were never used for TrailO events. Latest foot orienteering map of the terrain can be found here:

https://dbtopas.lt/takas/zmlp/losf991_20140213193048.jpg

<https://maps.trails.lt/maps/losf322.jpg>

All maps: 1:3000, contour interval 2,0m, waterproof, mapped at 2026 October using Lidar base and will be revised at March 2027 by Andrius Jovaiša. Laser scans are used in mapping process with contours 0.25m. All vegetation objects are precisely mapped. All white areas represent tree canopy (not trunk) configuration.

The map, and solutions will be available only after the last competitor starts and they will be taken over by referees at finish.

Punching

ToePunch system, free for all competitors will be used for registration of answers and for time keeping at PreO1, PreO2 and SprintO competitions.

Punching can be made in free order. All punching stations across the course will be in controls number order mostly at the opposite side of the path.

Result entering in TempO competitions will be organized with mobile devices using **ANT** software and will be duplicated to paper card for competitors.

Answer procedures at TCs:

We would like to save overall time spent on Time Controls so referees will optimize procedures on TCs. They only ask you to choose loose or bound maps. They will expect that competitors will speak answers. When somebody wants to show answers please inform them immediately after arriving on TCs. Referees will show you all six flags and immediately start measuring time after sentence "Time starts now". We expect good visibility of all flags at TCs.

Courses (preliminary)

PreO1 WRE: 1000m, 30 controls, 2 time control with 3 tasks in each.

PreO2 WRE: 300m (2 parts 240m+60m), 30 controls, 2 time controls with 3 tasks in each.

PreO sprint WRE: 250m, 24 controls,

TempO WRE: 6 stations with 6 tasks in each, total walking length 800m.

In most cases decisions should be made by map reading.

IOF Event Adviser: Charles BROMLEY GARDNER (GBR) charlesbg@btinternet.com

Zero tolerance

At least 5 meters for Zero tolerance will be used at all cases with no exception.

There will be no flags more than 100 meters away.

Electronic devices:

The use of other electronic devices is prohibited during the TrailO competition. This is especially true for mobile phones. Violation of this rule leads to disqualification.

Jury:

Will be elected before 1st start and published.

Toilet:

There will be wheelchair accessible toilets.

Accommodation:

There are many accommodation possibilities in the Palanga city. If you need the advice – please contact the organizer.
